

ADMIRALTY SECONDARY SCHOOL PARENT SUPPORT GROUP (PSG)

Our Parent Support Group (PSG) was formed to forge closer ties between the school and parents with the aim of benefiting our students. The objectives of the PSG are to involve parents in their children's educational journey, gather support, reinforcement on school activities and tap on parents' expertise in areas that they can help.

The PSG Executive Committee headed by Mdm Joey Ching as the Chairperson and Mdm Cindy Tay as the Vice-Chairperson, have outlined the goals for the PSG and organised meaningful activities for parents.

PSG complements the school by facilitating the school's communication to parents timely and effectively through respective level chat groups in addition to the official communication platforms. The structure has enhanced an effective two-way communication between the school and members of the PSG.

Besides that, PSG also guides parents to get tips on parenting, how parents can support their children's emotional needs and thus strengthening parent-child relationships.

Many enthusiastic parents have offered their help at various activities/events. The active involvement of parents in school and PSG activities/events such as Admiralty Experience/Open House, Admirals' Run, Learning Journeys to Higher Institutions, Staff Appreciation Day, Parent-Child Bonding Sessions, Graduation Ceremony and PSG Appreciation Day has significant impact on the development of our students.

Through various school and PSG activities/events, our school leaders, staff and PSG members have shaped an effective school-home partnership.

Parents' and students' well-being always be a key priority for the school and PSG. PSG has rolled out its signature initiative, namely "Let Us Chat!" since May 2021 with the aims of helping and working with parents to support their children's learning and well-being. The team observes that there are positive outcomes and continues receiving good feedback.

PSG provides a great opportunity for us to be closer to our children/wards. Our children /wards benefit greatly when we understand them better, and they tend to show more positive attitudes.
