

Admiralty Secondary School Co-Curricular Activities

CCA Prospectus 2024

INTRODUCTION

Education at Admiralty Secondary School (ADSS) aims to provide students with a holistic education that will provide opportunities for each student to explore and be developed in the special areas that will allow him/her to grow as a whole person. Apart from the core academic work and the enrichment activities, ADSS offers a range of co-curricular activities (CCAs) that cater to the students' varied interests and capabilities.

This prospectus aims to provide reference for new students of ADSS and to help them decide which CCA is suitable for them. It is intended to guide the student to understand what is involved in each CCA, whether it will suit him/her and the likely commitment called for.

PURPOSE OF CCA

Co-Curricular Activities (CCA) play a key role in the holistic development of our students. The CCA Programme provides students with a platform to discover their interests and talents and can fuel in students a lifelong love for a particular activity, be it a sport or a musical pursuit. This helps students lead a balanced lifestyle.

Each CCA has specific objectives, for instance, Physical Sports (PS) develop robustness, fair play and team spirit in students. The Visual and Performing Arts (VPA) instill in students a sense of graciousness and an appreciation for the rich culture and heritage of a multi-racial society. Uniformed Group (UG) activities aim to inculcate active citizenry through values like self-reliance, resilience, discipline and a spirit of service to others. Clubs and Societies (CS) allow students to explore and extend their interests in wide ranging and specialised areas which may be knowledge-based or skills-based.

Students progressively develop CCA-specific knowledge, skills, values and attitudes through sustained participation in any of the CCA groups. CCA also offer excellent platforms for students to learn core values, social and emotional competencies and the emerging 21st Century Competencies.

All CCAs emphasise social interaction by providing a common space for friendships and social cohesion amongst students of diverse backgrounds. Through CCA, students develop a sense of identity and belonging to the school.

Learning Outcomes of CCA

The learning outcomes for CCA are as follows:

- i. Passion
- ii. Leadership and teamwork
- iii. Friendship and belonging
- iv. Spirit of service to the community
- v. Knowledge, skills and values related to their chosen CCA
- vi. Core values, social and emotional competencies and the emerging 21st century competencies as articulated in the 21st Century Competencies Framework

CCA Policy

- i. CCA participation is **compulsory** for all students in secondary schools. Students must have a main CCA from at least one of the 4 groups, namely, Physical Sports (PS), Uniformed Groups (UG), Visual & Performing Arts (VPA), and Clubs and Societies (CS).
- ii. Under the LEAPS 2.0 CCA grading scheme, students **must achieve at least 75% attendance rate** in order to qualify for level attainment in the Participation Criterion. The attendance rate for participation will be based on the attendance of the main CCA.
- iii. Absence from CCA is taken seriously and students must produce a **Medical Certificate for any absence from CCA sessions**. Letters from parents are accepted but will be counted against the students' attendance rate. Students will be excused from CCA only if they are covered with an MC or have a valid reason approved by the school.
- iv. The Concert Band, National Cadet Corps (NCC), National Civil Defence Cadet Corps (NCDCC) and National Police Cadet Corps (NPCC) are mandatory CCAs for all secondary schools. Students in these CCA are not permitted to change their CCA after Secondary Two **except for medical or valid reasons approved by the school**.
- v. Any requests for a change of CCA will be assessed on a **case by case basis** by the school management. Any **requests for a change can only be made at the beginning of each academic year** through the Head of Department (HOD) for PE & CCA. Students are expected to continue attending their current CCA until official notification of a CCA change is provided by the school.

Parental Support For Your Child

Parents play an important role in ensuring your child's holistic and balanced development. Your child benefits most when the emphasis on developing values, life skills and your child/ward's interests and strengths are reinforced at home.

You can discuss the following areas with your child when selecting his/her co-curricular activities:

- Identifying interests and strengths
Example: What is your child interested in? What is your child good at?
- Setting objectives
Example: What kind of person does your child want to be? What kind of values and life skills should your child be developed in?
- Encouraging self-directed learning
Example: How does your child want to pursue this development? What are the possible opportunities that can help support this development?
- Managing commitments
Example: Is your child able to cope? How can you help to support him/her in the learning pursuits?

LEAPS 2.0 - Recognition Of Students' Attainment And Learning In The Co-Curriculum

LEAPS 2.0¹ is a framework to recognise secondary school students' holistic development. Students will be recognised with levels of attainment in four domains: Participation, Achievement, Leadership and Service.

LEAPS 2.0 Domains

Participation

This domain recognises students' participation in one school-based² Co-Curricular Activity (CCA). Recognition is based on the number of years of participation and exemplary conduct and active contribution³ to the CCA. Sustained engagement in the same CCA allows for progressive development of character, skills, knowledge and friendships, and will be accorded higher recognition.

Service

This domain recognises students' development as socially responsible citizens who contribute meaningfully to the community. Every secondary school student will contribute at least 6 hours per school year to the community. They can choose to embark on a Values-In-Action project (VIA). Students will be recognised for the time they put into planning, service and reflection, when participating in a VIA project.

Leadership

This domain recognises students' leadership development. Recognition is accorded to students' ability to take charge of personal development, work in a team and assume responsibilities in service of others. In addition to formal leadership appointments, participation in student leadership modules/workshops, the National Youth Achievement Award (NYAA) and leadership positions in the school, CCA or student-initiated/student-led projects will also be recognised.

Achievement

This domain recognises students' **representation** and **accomplishment** in co-curricular involvements beyond the classroom. Opportunities for representation and accomplishment present valuable learning experiences for students to learn discipline, resilience and develop their character. Students may represent the school or organisations endorsed by the school.

¹ LEAPS stands for Leadership, Enrichment, Achievement, Participation and Service. LEAPS 2.0 builds on the LEAPS system to better reflect MOE's current emphasis on Student-Centric, Values-Driven education.

² School-based CCA refers to CCA that are organised within the school or have been endorsed by the school.

³ Schools have processes in place to determine 'exemplary conduct and active contribution' with respect to their school's context.

Recognising external opportunities better caters to students' diverse interests and talents. It also recognises the community's role in developing the child.

Representation refers to being selected and endorsed by the school or an organisation endorsed by the school (e.g. the community club or national association) to contribute, perform or compete. It need not be tied to his/her CCA in school.

Accomplishment refers to attaining accolades and awards at competitions, festivals, performances, exhibitions, conferences and symposiums where the student represents the school or other organisations endorsed by the school.

The details on the levels of attainment for each of the domains are attached at [Annex A](#).

Recognition of Students' Level of Attainment

At the end of the graduating year, students' co-curricular attainment will be recognised according to Excellent/Good/Fair. The level of attainment will be converted to a ⁴bonus point(s) which can be used for admission to Junior Colleges/ Polytechnics/ Institutes of Education (JC/Poly/ITE).

Co-Curricular Attainment	Details
Excellent (2 bonus points)	Student who attains a minimum Level 3 in all four domains with at least a Level 4 in one domain.
Good (1 bonus point)	Student who attains a minimum Level 1 in all four domains with any one of the following: i. At least Level 2 in three domains; ii. At least Level 2 in one domain and at least Level 3 in another domain; or iii. At least Level 4 in one domain.
Fair	Student's attainment in co-curricular will not translate into any bonus points.

Please refer to examples in [Annex B](#).
